

A H P S CURRICULUM P L A N N E R

2025-26

Class I to V

Message from the CEO

Dear Learners,

“Dr. A.P.J. Abdul Kalam used to say, ‘The purpose of Education is to make good human beings with skill and expertise. Enlightened human beings can be created by teachers.’ Changes in the education policy are important to provide the nation good students, professionals & better human beings.”

—Narendra Modi

Keeping in line, the Head Office has revised the textbooks and curriculum for Classes I-V for the upcoming academic session. The Primary Term-Books categorise the entire syllabus in two sections, making the curriculum dynamic and approachable. Moreover, the innovative books are in consonance with the guidelines laid down by the National Education Policy (NEP, 2020) in addition to the National Curriculum Framework. The entire curriculum is based on—

- recognizing, identifying and fostering the unique capabilities of students by sensitizing teachers as well as parents to promote students' holistic development in both academic and non-academic spheres.
- promoting conceptual learning rather than rote learning.
- encouraging creative, analytical and critical-thinking skills.
- focussing on ‘How to Think’ instead of ‘What to Think’.
- providing quality education and decreases mental and physical burden.
- promoting formative assessment, peer assessment and holistic report card to measure the ongoing academic progress of the learners.

We, at AHPS, believe that students across India should be provided with the best education. Our Textbooks contain project-based activities as well as subject-enrichment knowledgeable facts useful for enhanced learning. In addition to that, the Robotic Science curriculum for Classes III to V takes students a step further by introducing STEM education.

We believe that all our schools will implement this Curriculum/Academic Planner with a new zeal and invigorated enthusiasm.

Holiday Planner 2025-26

DATE	DAY	FESTIVAL
APRIL 2025		
06.04.2025	Sunday	Ram Navami
10.04.2025	Thursday	Mahavir Jayanti

Note for Teachers:

- In Assessments/Periodic Tests, the questions in the Grammar part can be asked from the topics covered previously.
- Record the speaking and listening activities as an evidential document.
- E-books, video lessons, lesson plans, worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork /homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.

शिक्षण उद्देश्यः

- हिंदी भाषा का शुद्ध उच्चारण एवं लेखन
- विद्यार्थियों में हिंदी भाषा के प्रति रुचि बढ़ाना
- विद्यार्थियों के शब्दकोश को बढ़ाना
- विद्यार्थियों को स्वरों, व्यंजनों और मात्राओं की पहचान कराना
- मौखिक तथा लिखित अभिव्यक्ति का विकास करना
- भाषा के प्रति रुचि जागृत कराना

मार्च	सत्र 2 में पढ़ाए गए पिछले सभी पाठों का पुनरीक्षण और मूल्यांकन		छुटियाँ	छुटियाँ

नोटः शिक्षकों के लिए—

- पिछले आवधिक परीक्षा/मूल्यांकन (Periodic Test/Assessment) के कोई भी व्याकरण संबंधित प्रश्न, अलगे आवधिक परीक्षा में पूछे जा सकते हैं।
- शिक्षकगण पाठ्यपुस्तक में दिए गए पाठों का अभ्यास आवश्यकता अनुसार 'अभ्यास माला' द्वारा करवा सकते हैं। साथ ही Flash Card के माध्यम से क्रिएटिव एक्टिविटी (Creative Activity) भी करा सकते हैं।
- हेड ऑफिस ने आप सभी शिक्षकगणों की सहायता के लिए निम्न विषयों पर आधारित एक मॉड्यूल तैयार किया है। स्कूल द्वारा अनुरोध किए जाने पर निम्नलिखित मॉड्यूल उपलब्ध कराया जा सकता है।

मॉड्यूल—आओ सीखें—

* गिनती	* महीनों के नाम	* सब्जियाँ	* हमारे पक्षी
* सप्ताह के दिन	* फल	* हमारे पशु	* रंगों की दुनिया

- श्रवण और वाचन कौशल से संबंधित गतिविधियाँ करवाते समय शिक्षकगण उन्हें रिकार्ड कर लें ताकि वह सत्र मूल्यांकन के साक्ष्य के तौर पर रखा जा सके।
- ई-बुक्स, वीडियो लेक्चरस, पाठ योजना, वर्कशीट्स 360° तथा अन्य पाठ्य सामग्री एप्प पर उपलब्ध हैं। शिक्षकगण इन्हें अभ्यास के लिए कक्षा कार्य या गृहकार्य आदि में उपयोग कर सकते हैं।
- छात्रों को 360° एप्प के इस्तेमाल के लिए प्रेरित करें।
- सभी पाठों के लिए ई-बुक्स/ई-कंटेंट 360° एप्प पर उपलब्ध हैं।

MATHEMATICS

Learning Objectives:

- To enable students counting the objects
- To make students recognise and practise the number names
- To empower students use Arithmetic operations in their daily life
- To improve thinking skills and develop analytical skills in the students

Note for Teachers:

- Ample exercises have been provided in the Maths Textbook to integrate varied Mental Maths assignments.
- E-books, video lessons, lesson plans, worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork /homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.

Learning Objectives:

- To educate students and create awareness about their surroundings
- To teach social skills (good habits, soft skills, etc.)
- To encourage broad-mindedness and develop a spirit of brotherhood among students

Note for Teachers:

All the following modules have been integrated in the new term books. However if the need arises, the schools can make a request to the Head Office for these modules.

— Ist Module - My Body

- › Me & My Body
- › Sense Organs

— IInd Module - Plants in Our Life

- › Parts of a Plant
- › Types of Plants
- › Products of Plants

— IIIrd Module - Living Things

- › Animals
- › Birds
- › Insects

- E-books, video lessons, lesson plans, worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork /homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.

GENERAL KNOWLEDGE

Learning Objectives:

- To broaden the horizon of students' knowledge
- To develop a quest for knowledge among students
- To help students observe their surroundings and to develop logical thinking skills

November	3	The Acorn and the Oak	2. Action Words— Verbs (Present Tense)
	4	Spot's Windy Day	3. Action Words— Verbs (Past Tense) 4. Helping Verbs— Is, Am, Are, Was, Were 5. Helping Verbs— Has, Have and Had
December	5	How to be a Friend	6. Verbs— The -ing form
	6	Flying	7. Adverbs 8. Position Words—Prepositions
January	7	Why Should I Listen	9. Joining Words—Conjunctions 10. Words Showing Emotions— Interjections
February	8	Why Should I Recycle	11. Creative Writing 12. Comprehension
March	<i>Reinforcement of the Concepts taught in Term-II</i>		

WEEKLY PLANNER

Term I

Months	Week 1	Week 2	Week 3	Week 4
April	The Golden Dream (Textbook) Back Exercise of the Lesson	* The Alphabet * The Sentence (Grammar) Revision and Assessment of the Lessons	The Boy Who Would Not Stop Throwing Rubbish (Textbook)	Naming Words—Nouns (Grammar) Revision and Assessment of both the Lessons
May	Clouds (Textbook) Back Exercise of the Lesson	* General Naming Words—Common Nouns (Grammar)	* Specific Naming Words— Proper Nouns (Grammar) Revision and Assessment of the Lessons	SUMMER VACATION
June	SUMMER VACATION			
July	Revision of the Previous Lessons taught in May	Moyna— The Why-Why Girl (Textbook) Back Exercise of the Lesson	Masculine and Feminine Gender (Grammar) Revision and Assessment of both the Lessons	* Replacing Words—Pronouns * Describing Words—Adjectives (Grammar)
August	Revision of the Previous Lessons taught in July	The Two Goats (Textbook) Back Exercise of the Lesson * A, An, The—Articles (Grammar)	Mary's Lamb (Textbook) Back Exercise of the Lesson * Using Apostrophe Comma (Grammar)	* Short Form Apostrophe Comma (Grammar) Revision and Assessment of the Lessons
September	The Ant and the Grasshopper (Textbook) Back Exercise of the Lesson * Making Conversation (Grammar)	* Comprehension (Grammar) Revision and Assessment of the Lessons	Reinforcement of the Concepts taught in Term-I	

Term II				
Months	Week 1	Week 2	Week 3	Week 4
October	The Little Red Hen (Textbook) Back Exercise of the Lesson	* Punctuation (Grammar) Takdir, the Tiger Cub (Textbook) (to be continued)	DIWALI HOLIDAYS	Takdir, the Tiger Cub (Textbook) Back Exercise of the Lesson Revision and Assessment of the Lessons
November	The Acorn and the Oak (Textbook) Back Exercise of the Lesson * Action Words—Verbs (Present Tense) (Grammar)	Spot's Windy Day (Textbook) Back Exercise of the Lesson *Action Words—Verbs (Past Tense) (Grammar) Revision and Assessment of the Lessons	* Helping Verbs—Is, Am, Are, Was, Were *Helping Verbs—Has, Have and Had (Grammar) (to be continued)	* Helping Verbs—Has, Have and Had (Grammar) Revision and Assessment of the Lessons
December	How to be a Freind (Textbook) *Verbs—The -ing Form (Grammar) Back Exercise of the Lesson	Flying (Textbook) Back Exercise of the Lesson *Adverbs (Grammar)	Revision and Assessment of both the Lessons *Position Words—Prepositions (Grammar)	Revision and Assessment of the Lessons taught in November and December
January	WINTER VACATION		Why Should I Listen (Textbook) Back Exercise of the Lesson *Joining Words—Conjunctions (Grammar)	* Words Showing Emotions—Interjections (Grammar) Revision and Assessment of the Lessons
February	Why Should I Recycle (Textbook) Back Exercise of the Lesson *Creative Writing (Grammar)	Comprehension (Grammar) Revision and Assessment of the Lessons	Revision and Assessment of the Lessons	Reinforcement of the Concepts taught in Term-II
March	Reinforcement of the Concepts taught in Term-II	HOLIDAYS		

Note for Teachers:

- In Assessments/Periodic Tests, the questions in the Grammar part can be asked from the topics covered previously.
- Record the speaking and listening activities as an evidential document.
- E-books, video lessons, lesson plans, worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork/homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.

शिक्षण उद्देश्यः

- हिंदी भाषा का शुद्ध उच्चारण एवं लेखन
- विद्यार्थियों में हिंदी भाषा के प्रति रुचि बढ़ाना
- विद्यार्थियों के शब्दकोश को बढ़ाना
- विद्यार्थियों को स्वरों, व्यंजनों और मात्राओं की पहचान कराना
- मौखिक तथा लिखित अभिव्यक्ति का विकास करना
- भाषा के प्रति रुचि जागृत कराना

वार्षिक योजनाकार (YEARLY PLANNER)

सत्र	मास	पाठ स.	पाठ्यपुस्तक	अभ्यास माला	टिप्पणी
I	अप्रैल	1	हुआ सवेरा (कविता)		
	+ मई	2	गिल्लू और बन्नी		
	+ जून	3	चतुर बालक		
	+ जुलाई	4	अशोक चक्र		
	+ अगस्त	*	कंजूस आदमी (केवल पठन के लिए)		
	+ सितंबर	5	सीखो (कविता)

मार्च	सत्र 2 में पढ़ाए गए पिछले सभी पाठों का पुनरीक्षण और मूल्यांकन	छुटियाँ	छुटियाँ	

व्याकरण:

संज्ञा, सर्वनाम, क्रिया, विशेषण (केवल परिभाषा और उदाहरण), लिंग बदलो, वचन बदलो, विलोम शब्द, समानार्थक शब्द, गिनती (1 से 10) अशुद्ध शब्दों को शुद्ध करना, संयुक्ताक्षर और संयुक्ताक्षर अभ्यास, 'र' के विभिन्न रूप और प्रयोग, अनुस्वार और चंद्रबिंदु वाले शब्द, अनुच्छेद लेखन आदि।

नोटः शिक्षकों के लिए—

- पिछले आवधिक परीक्षा/मूल्यांकन (Periodic Test/Assessment) के कोई भी व्याकरण संबंधित प्रश्न, अलगे आवधिक परीक्षा में पूछे जा सकते हैं।
- शिक्षकगण पाठ्यपुस्तक में दिए गए पाठों का अभ्यास आवश्यकता अनुसार 'अभ्यास माला' द्वारा करवा सकते हैं। साथ ही Flash Card के माध्यम से क्रिएटिव एक्टिविटी (Creative Activity) भी करा सकते हैं।
- श्रवण और वाचन कौशल से संबंधित गतिविधियाँ करवाते समय शिक्षकगण उन्हें रिकार्ड कर लें ताकि वह सत्र मूल्यांकन के साक्ष्य के तौर पर रखा जा सके।
- ई-बुक्स, वीडियो लेक्चररस, पाठ-योजना, वर्कशीट्स 360° तथा अन्य पाठ्य सामग्री एप्प पर उपलब्ध हैं। शिक्षकगण इन्हें अभ्यास के लिए कक्षा कार्य या गृहकार्य आदि में उपयोग कर सकते हैं।
- छात्रों को 360° एप्प के इस्तेमाल के लिए प्रेरित करें।
- सभी पाठों के लिए ई-बुक्स/ई-कंटेंट 360° एप्प पर उपलब्ध हैं।

MATHEMATICS

Learning Objectives:

- To enable students count the objects in multiples
- To make students recognise and practise the number names
- To empower students use Arithmetic operations in their daily life
- To improve the power of thinking and to work in an organised manner

शिक्षकों के लिए—

- सत्र-1 से कोई भी व्याकरण संबंधित प्रश्न, सत्र-2 में पूछे जा सकते हैं।
- सत्रीय पाठ्यक्रम के पूर्ण होने पर शिक्षकगण सभी विद्यार्थियों को उस सत्र में पढ़ाए गए सभी पाठों की पुनरावृत्ति करवाएंगे ताकि विद्यार्थिगण परीक्षा देने के लिए पूर्ण रूप से तैयार हो सकें।
- अध्यापकगण अनुच्छेद लेखन में केवल छात्र/छात्राओं को लिखने का तरीका बताएँ एवं उन्हें स्वयं अनुच्छेद लिखने के लिए प्रेरित करें।
- प्रत्येक सत्र में दिए गए पाठों को शिक्षकगण अपनी सुविधा के क्रम में पढ़ा सकते हैं।
- शिक्षकों से यह अनुरोध है कि वे सप्रांत परीक्षा (Term End Examinations) से पहले आवधिक परीक्षा (Periodic Tests) आयोजित करें। शिक्षकगण आवधिक परीक्षा (Periodic Tests) के लिए उन पाठों को चुन सकते हैं जो उस समय तक पढ़ाए जा चुके हैं।
- श्रवण और वाचन कौशल से संबंधित गतिविधियाँ करवाते समय शिक्षकगण उन्हें रिकार्ड कर लें ताकि वह सत्र मूल्यांकन के साक्ष्य के तौर पर रखा जा सके।
- ई-बुक्स, वीडियो व्याख्या (Video Lectures), पाठ योजना (Lesson Plans), कार्यपत्र (Worksheets) 360° तथा अन्य पाठ्य सामग्री एप्प पर उपलब्ध हैं। शिक्षकगण इन्हें अभ्यास (Revision) के लिए कक्षा कार्य (Classwork) या गृहकार्य (Homework) आदि में उपयोग कर सकते हैं।
- छात्रों को 360° एप्प के इस्तेमाल के लिए प्रेरित करें।
- सभी पाठों के लिए ई-बुक्स/ई-कंटेंट 360° एप्प पर उपलब्ध हैं।

MATHEMATICS

Learning Objectives:

- To empower students to use Arithmetic operations in daily life
- To count and perform various Mathematical operations with/using large numbers
- To improve students' power to relate, analyse and perform mental operations
- To put Maths into practical use

January	WINTER VACATION		Data Handling Data handling, Reading a Pictograph	Data Handling Tally Marks
February		Reinforcement of the Concepts taught in Term-II		Term End Examinations-II
March	Term End Examinations-II		HOLIDAYS	

Note for Teachers:

- Ample exercises have been provided in the Maths Textbook to integrate varied mental math assignments.
- Teachers are advised to conduct Periodic Tests before the Term End Exams. They can choose lessons that are already covered by them till the time of Periodic Tests.
- E-books, Video Lessons, Lesson Plans, Worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork /homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.
- Make students revise the **Term-Syllabus** in order to prepare them for the **Term-End Exams**.
- Conduct the **Lab Activities** accordingly.
- The module on **Roman Numbers** has been integrated in the new term book. However, if the need arises, the schools can make a request to the Registered Office for the module.

Learning Objectives:

- To inculcate the Scientific temper in the minds of students and enable them to apply it in daily life
- To ignite the fire of curiosity and awaken the Scientist in each student
- To help students understand the living world and the human body with an organised approach

Note for Teachers:

- Teacher can do the following activities in the classroom.

Activities

- Celebrate harvest festival by weaving paper basket to put freshly harvested fruits/cereals.
- Use bright origami sheets to make paper flowers.
- Make a bird's nest with scraps of paper, strings, cotton, etc.
- Make a shape collage to celebrate Independence Day.
- Celebrate Christmas by making a mistle toe wreath with green felt paper, red beads, etc.
- Create a beautiful design on used CDs.

ROBOTIC SCIENCE

Learning Objectives:

- To introduce basic robotic concept to the students
- To perceive and modify robotic parts based on understanding
- To provide hands on experience to working with robotic parts.

YEARLY PLANNER

April	1. Early Man and the Invention of the Wheel	Introduction and Learning Concept— Invention of the Wheel	Understanding & applying the concept of wheel— Baby Carriage (Sledge)	Gaining practical Knowledge about the Baby Carriage using the Robotic Kit.	Understanding & applying the concept of wheel— Car
May		Gaining practical Knowledge about the Car using the Robotic Kit.	Exercise given at the back of the lesson	Revision and Assessment of the Lesson	SUMMER VACATION

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
June		SUMMER VACATION			
	2. Safety And First Aid	Introduction and Learning Concept— Safety Rules/ Understanding & applying the concept of Egg Beater/Gaining practical knowledge about the Egg Beater using the Robotic Kit.	Safety Rules In/On— * School * Playground * Road/ Understanding & applying the concept of Bumper Car/ Gaining practical Knowledge about the Bumper Car using the Robotic Kit	First Aid/ Back Exercise of the lesson	Revision of the Lesson
August	3. Force	Introduction and Learning Concept— Force/ Kinds of (Muscular Force) Force/ Understanding & applying the concept of Muscular Force- The Fishing Rod/ Gaining practical knowledge about the Fishing Rod using the Robotic Kit.	Kinds of Force (Mechanical Force)/ Understanding & applying the concept of Mechanical Force- MotorCycle /Gaining practical knowledge about the Motorcycle using the Robotic Kit.	Kinds of Force (Frictional Force and Gravitaional Force)/ Understanding & applying the concept of Frictional Force- Tricycle and Gravitational Force- Car Lift /Gaining practical knowledge about the Tricycle and Car Lift using the Robotic Kit.	Kinds of Force— Buoyant Force/ Back Exercise of the lesson
September		Revision and Assessemnt of the Lessons 1 and 2	Revision and Assessemnt of the Lesson 3	<i>Reinforcement of the Concepts taught in Term-I</i>	

Term II					
Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
October	4. Work and Energy	Introduction and Learning Concept— Work and Energy	Forms of Energy— Mechanical Energy, Potential Energy/Kinetic Energy	DIWALI HOLIDAY	Understanding & applying the concept of Mechanical Energy— Dancing Doll/ Gaining practical Knowledge about the Dancing Doll using the Robotic Kit.
November		Understanding & applying the concept of Mechanical Energy1 Forklift /Gaining practical Knowledge about the Forklift using the Robotic Kit.	Understanding & applying the concept of Mechanical Energy— Sea Rover Gaining practical Knowledge about the Sea Rover using the Robotic Kit.	Other Forms of Energy/Back Exercise of the lesson	<i>Revision and Assessment of the Lesson</i>
December	5. Means of Transport	Introduction and Learning Concept— Transportation/ Means of Water Transport Understanding & applying the concept of Water Transport— A Yatch /Gaining practical knowledge about the Yatch using the Robotic Kit.	Concept of Means of Land Transport and Air Transport	Understanding & applying the concept of Land Transport- A train /Gaining practical knowledge about the Train using the Robotic Kit.	Understanding & applying the concept of the Air Transport— Rotary Aircraft /Gaining practical knowledge about the Rotary Aircraft using the Robotic Kit.
January		WINTER VACATION		Animal Driven Transport/Back Exercise of the lesson	<i>Revision and Assessment of the Lesson 5</i>

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
February	6. Simple Machines	Introduction and Learning Concept— Simple Machines/ Types of Machines/ Understanding & applying the concept of Lever— Water Wheel /Gaining practical knowledge about the Water Wheel using the Robotic Kit.	Understanding & applying the concept of Inclined Plane- Racing Car /Gaining practical knowledge about the Racing Car using the Robotic Kit.	Understanding & applying the concept of Screw—Dancing Robot /Gaining practical knowledge about the Dancing Robot using the Robotic Kit/Back Exercise of the lesson.	<i>revision and Assessment of Lessons (4-6)</i>
March		<i>Reinforcement of the Concepts taught in Term-II</i>		HOLIDAYS	

Note for Teachers:

Ample exercises have been provided after each lesson for the practice of your students.

शिक्षकों के लिए—

- सत्र-1 से कोई भी व्याकरण संबंधित प्रश्न, सत्र-2 में पूछे जा सकते हैं।
- सत्रीय पाठ्यक्रम के पूर्ण होने पर शिक्षकगण सभी विद्यार्थियों को उस सत्र में पढ़ाए गए सभी पाठों की पुनरावृत्ति करवाएंगे ताकि विद्यार्थीगण परीक्षा देने के लिए पूर्ण रूप से तैयार हो सकें।
- अध्यापकगण अनुच्छेद लेखन में केवल छात्र/छात्राओं को लिखने का तरीका बताएँ एवं उन्हें स्वयं अनुच्छेद लिखने के लिए प्रेरित करें।
- प्रत्येक सत्र में दिए गए पाठों को शिक्षकगण अपनी सुविधा के क्रम में पढ़ा सकते हैं।
- शिक्षकों से यह अनुरोध है कि वे सप्रांत परीक्षा (Term End Examinations) से पहले आवधिक परीक्षा (Periodic Tests) आयोजित करें। शिक्षकगण आवधिक परीक्षा (Periodic Tests) के लिए उन पाठों को चुन सकते हैं जो उस समय तक पढ़ाए जा चुके हैं।
- श्रवण और वाचन कौशल से संबंधित गतिविधियाँ करवाते समय शिक्षकगण उन्हें रिकार्ड कर लें ताकि वह सत्र मूल्यांकन के साक्ष्य के तौर पर रखा जा सके।
- ई-बुक्स, वीडियो व्याख्या (Video Lectures), पाठ्योजना (Lesson Plans), कार्यपत्र (Worksheets) 360° तथा अन्य पाठ्य सामग्री एप्प पर उपलब्ध हैं। शिक्षकगण इन्हें अभ्यास (Revision) के लिए कक्षा कार्य (Classwork) या गृहकार्य (Homework) आदि में उपयोग कर सकते हैं।
- छात्रों को 360° एप्प के इस्तेमाल के लिए प्रेरित करें।
- सभी पाठों के लिए ई-बुक्स/ई-कंटेंट 360° एप्प पर उपलब्ध हैं।

MATHEMATICS

Learning Objectives:

- To develop interest in the subject amongst students.
- To make calculations and Mathematical operations seem simple and lucid
- To improve thinking and analytical skills among students.
- To enable students to use and practise Arithmetic operations in daily life.

Months	Week 1	Week 2	Week 3	Week 4
April	Numbers 5-digit Numbers, Place Value of 5-digit Numbers, Face Value of 5-digit Numbers, Expanded Form of 5-digit Numbers	Numbers 6-digit Numbers, 7-digit Numbers, Forming the Greatest and Smallest Numbers, Rounding Off Numbers	Addition and Subtraction Addition and Subtraction, Adding Large Numbers, Properties of Addition, Addition Stories, Estimating Sums, Subtracting Large Numbers, Properties of Subtraction	Addition and Subtraction Finding the Missing Number, Combining Addition and Subtraction, Verifying Subtraction by Addition, Subtraction Stories, Estimating Difference
May	Multiplication Multiplication Tables, Multiplication of Large Numbers	Multiplication Properties of Multiplication, Multiplication of 10,100,1000	Multiplication Multiplication using Expanded Form, Multiplication Stories, Estimating Products	SUMMER VACATION
June	SUMMER VACATION			
July	Revision of the Lessons 1, 2 and 3	Division Division of large Numbers, Division by a 2-digit Divisor, Properties of Division	Division Division by 10, 100 and 1000, Division Stories, Estimating Quotient	Patterns and Symmetry Patterns in Alphanumeric, Patterns in Operations, Coding/Decoding, Symmetry, Mirror Image
August	Time Units of Time, Reading Time to the Exact Minute, Conversion of Units of Time, 12-Hour Clock Time-a.m./p.m., 24-Hour Clock Time	Time Addition of Time, Subtraction of Time, Time Duration, Calendar, Conversion of Years, Months, Weeks and Days	Geometry Lines and Other Basic Geometrical Concepts, Measuring a Line Segment, Drawing a Line Segment, Types of Lines, Angles	Geometry Closed Figures and Open Figures, Polygons, Circle, Drawing a Circle, Solid Shapes/ Three-Dimensional Shapes
September	Reinforcement of the Concepts taught in Term-I		Term End Examinations-I	

Term II				
Months	Week 1	Week 2	Week 3	Week 4
October	Factors and Multiples Facts about Multiples, Finding Multiples, Common Multiples and Least Common Multiple (LCM), Factors	Factors and Multiples Facts about Factors, Findings Factors, Prime and Composite Numbers, Prime Factorisation	DIWALI HOLIDAYS	Factors and Multiples Common Factors and Highest Common factor (HCF), Relationship between HCF and LCM, Sieve of Eratosthenes, Test of Divisibility
November	Fractions Understanding Fractions, Fractional Part of a Collection, Equivalent Fractions, Checking Equivalence of Fractions, Reducing a Fraction to its Lowest Terms	Fractions Comparison of Like Fractions, Addition of Like Fractions, Subtraction of Like Fractions, Conversion of an Improper Fraction into a Mixed Fraction, Conversion of a Mixed Fraction into an Improper Fraction	Perimeter And Area Perimeter, Perimeter of Regular Shapes, Perimeter of a Rectangle, Perimeter of a Square	Perimeter And Area Area, Area of Regular Shapes, Area of a Rectangle, Stories in Perimeter and Area
December	Money Indian Currency, Conversion of Currency, The Four Basic Operations of Money	Money Multiplication of Money, Division of Money, Unitary Method, Money Stories	Measurement Metric System, Conversion of Units	Measurement Addition of Metric Units, Subtraction of Metric Units, Stories in Measurement
January	WINTER VACATION		Data Handling Pictograph	Data Handling Tally Marks, Bar Graph
February	Reinforcement of the Concepts taught in Term-II			Term End Examinations-II
March	Reinforcement of the Concepts taught in Term-II		HOLIDAYS	

Note for Teachers:

- Ample exercises have been provided in the Maths Textbook to integrate varied mental math assignments.
- The two modules i.e., Test of Divisibility and Unitary Method have been integrated in the new term book. However, if the need arises, the schools can make a request to the Head Office for the module.
- Teachers are advised to conduct Periodic Tests before the Term End Exams. They can choose lessons that are already covered by them till the time of Periodic Tests.
- E-books, Video Lessons, Lesson Plans, Worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork /homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.
- Make students revise the **Term-Syllabus** in order to prepare them for the **Term-End Exams**.
- Conduct the **Lab Activities** accordingly.

E.V.S

Learning Objectives:

- To inculcate the Scientific temper in the minds of students and enable them apply it to life
- To ignite the fire of curiosity and awaken the Scientist in each student
- To inculcate Scientific reasoning, assessment and awareness among students

Note for Teachers:

- In the last month of every Term, revise the **Term-Syllabus** in order to prepare the students for the **Term-End Exams**.
- Follow a regimen/routine named 'Time to Know Facts' in School Assembly to discuss about the Current Affairs and General Facts.
- Encourage students to develop a regular habit of reading the Newspaper and watching News or Current Affairs on the Television.
- Discuss with students about the important National and International events and affairs.

COMPUTER

Learning Objectives:

- To make students tech-savvy
- To enable students work with Windows 10 and Scratch
- To introduce the world of PowerPoint presentation to students and teach them to make their own PPTs
- To introduce Advance Tools of Tux Paint to students

YEARLY PLANNER

March	<i>Reinforcement of the Concepts taught in Term-II</i>		HOLIDAYS	

Note for Teachers:

- Teacher can do the following activities in the classroom.

Activities

- Draw a scenery and decorate it with strips of crepe paper
- Make bookmarks with pressed flowers/leaves and cover it with cellophane sheet
- Make different craftworks using bubble wrap, coloured paper, glitter, sparkles, etc.
- Make a charkha using paper, strings and ice cream sticks.
- Make wall hanging using bangles of various shapes and sizes
- Create a Republic Day with dotted painting

ROBOTIC SCIENCE

Learning Objectives:

- To introduce basic robotic concept to the students
- To perceive and modify robotic parts based on understanding
- To provide hands on experience to working with robotic parts.

YEARLY PLANNER

Term	Months	No.	Lesson Name	Remarks
I	April + May + June + July + August + September	1 2 3	Safety And First Aid Force Work And Energy	Teachers are requested to explain the concept of science and also undertake the related robotic activity. The teachers can take help of Robotime Manuals available in their schools.
II	October + November + December + January + February + March	4 5 6	Simple Machines Motion Means of Transport	Teachers are requested to explain the concept of science and also undertake the related robotic activity. The teachers can take help of Robotime Manuals available in their schools.

WEEKLY PLANNER

Term I

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
April	1. Safety and First Aid	Introduction and Learning Concept— Safety Rules	Understanding & applying the concept of Safety— Robotic Mixer/Gaining practical Knowledge about the Robotic Mixer using the Robotic Kit.	Safety Rules to be followed— In the School/in the playground /On the Road /Road Safety Signs	Concept of First Aid— In case of a wound or cut/In case of minor burns/In case of insect or animal bite
May		Concept of the First Aid— In case of a person faints/In case of a nose bleeding /In case of poisoning	Back Exercise given at the back of the lesson	Revision and Assessment of the Lesson	SUMMER VACATION

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
June	SUMMER VACATION				
July	2. Force	Introduction and Learning Concept— Force and its Effects	Kinds of Force— Mechanical Force/ Understanding & applying the concept of Mechanical Force— Robotic Arm/Gaining practical knowledge about the Robotic Arm using the Robotic Kit.	Kinds of Force— Frictional Force/ Understanding & applying the concept of Frictional Force— Roulette Bot/Gaining practical knowledge about the Roulette Bot using the Robotic Kit.	Kinds of Force— Gravitational, Buoyant and Elastic Force/ Understanding & applying the concept of Elastic Force— Catapult/ Gaining practical knowledge about the Catapult using the Robotic Kit.
August	2. Force 3. Work and Energy	Lesson 2. Force Back Exercise of the Lesson	Lesson 3. Work and Energy (Introduction and Learning Concept— Work and Energy/ Forms of Energy— Light Energy)	Forms of Energy/ Understanding & applying the concept of Electrical Energy— Elevator/Gaining practical knowledge about the Elevator using the Robotic Kit.	Mechanical Energy— Kinetic Energy and Potential Energy/ Understanding & applying the concept of Kinetic & Potential Energy— Frog Bot/Gaining practical knowledge about the Frog Bot using the Robotic Kit.
September	Back Exercise of the lesson- Work and Energy	Revision and Assessment of the Lessons 1, 2 and 3	<i>Reinforcement of the Concepts taught in Term-I</i>		

Term II					
Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
October	4. Simple Machines	Introduction and Learning Concept—Machines	Understanding & applying the concept of Pulley and its Type	DIWALI HOLIDAY	Understanding & applying the concept of Pulley—Crane/ Gaining practical knowledge about the Crane using the Robotic Kit.
November		Understanding & applying the concept of Wheel and Axle	Understanding & applying the concept of Wheel and Axle—Crane/ Gaining practical knowledge about the Cleaning Car using the Robotic Kit.	Understanding & applying the concept of Wedge and the back Exercise of the lesson	Revision and Assessment of the Lesson
December	5. Motion	Introduction and Learning Concept—Motion, Rest	Types of Motion—Random/Linear	Understanding & applying the concept of Linear and Random Motion—Clever Rabbit/Gaining practical knowledge about the Clever Rabbit using the Robotic Kit.	Types of Linear Motion—Rectilinear and Curvilinear Motion
January		WINTER VACATION		Understanding & applying the concept of Linear Motion—Crab Rabbit/ Gaining practical knowledge about the Crab using the Robotic Kit.	Back Exercise of the lesson and its Revision

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
February	6. Means of Transport	Introduction and Learning Concept— Means Of Transport— Land Transport (Road & Rail Transport)	Understanding & applying the concept of Road and Rail Transport— Motorcycle and Train/Gaining practical knowledge about the Motorcycle and Train using the Robotic Kit.	Means Of Transport— Water and Air Transport/ Understanding & applying the concept of Air Transport— Biplane/Gaining practical knowledge about the Biplane using the Robotic Kit.	<i>Back Exercise of the lesson</i>
March		<i>Reinforcement of the Concepts taught in Term-II</i>		HOLIDAYS	

Note for Teachers:

Ample exercises have been provided after each lesson for the practice of your students.

- Follow the Assessment Criteria for assessing the performance of the students.
- See the Assessment Manual for the details.

BOOK LIST FOR CLASS - V

S. No.	Names of the Books	Integrated Books	Terms
1	Sparkles (An Integrated Textbook Series of English Reader and Workbook)	<ul style="list-style-type: none"> • English Reader • English Workbook 	I & II
2	Maths Maxima (An Integrated Textbook Series of Mathematics Textbook)	<ul style="list-style-type: none"> • Maths • Mental Maths 	I & II
3	सृहा (हिंदी पाठ्यपुस्तक)	<ul style="list-style-type: none"> • Hindi Reader • Hindi Workbook 	I & II
4	Nimbus (An Integrated Textbook of General, Social and Environmental Sciences)	EVS	I & II
5	VirtualEra (A Textbook Series of Computer Science)	Computer	—
6	GenKnow (A General Knowledge Textbook)	General Knowledge	—
7	Art & Activity	Drawing, Painting and Craft	—
8	Robotic Science (An Introductory Approach to STEM Education)	Science (Entire syllabus covered in one book)	—

Note:

English, Hindi, Maths & EVS Textbooks have been divided into Two Term Books.

ENGLISH

Learning Objectives:

- To develop the student's interest in English language
- To help the student attain the objectives of Listening, Speaking, Reading and Writing English language
- To help the student comprehend simple and short sentences
- To enable the student write a few lines about a given picture
- To enable the student recite poems with proper pauses and voice modulation and to enjoy learning English

YEARLY PLANNER

Note for Teachers:

- In Term End Exams, the questions in the Grammar part can be asked from the topics covered in Term-1.
- Teachers are advised to conduct Periodic Tests before the Term End Exams. They can choose lessons that are already covered by them till the time of Periodic Tests.
- Record the speaking and listening activities as an evidential document.
- E-books, video lessons, lesson plans, worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork /homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.

शिक्षण उद्देश्यः

- हिंदी भाषा का शुद्ध उच्चारण एवं लेखन
- विद्यार्थियों में हिंदी भाषा के प्रति रुचि बढ़ाना
- विद्यार्थियों के शब्दकोश को बढ़ाना
- विद्यार्थियों को स्वरों, व्यंजनों और मात्राओं की पहचान कराना
- मौखिक तथा लिखित अभिव्यक्ति का विकास करना
- भाषा के प्रति रुचि जागृत कराना

शिक्षकों के लिए—

- सत्र-1 से कोई भी व्याकरण संबंधित प्रश्न, सत्र-2 में पूछे जा सकते हैं।
- सत्रीय पाठ्यक्रम के पूर्ण होने पर शिक्षकगण सभी विद्यार्थियों को उस सत्र में पढ़ाए गए सभी पाठों की पुनरावृत्ति करवाएंगे ताकि विद्यार्थिगण परीक्षा देने के लिए पूर्ण रूप से तैयार हो सकें।
- अध्यापकगण अनुच्छेद लेखन में केवल छात्र/छात्राओं को लिखने का तरीका बताएँ एवं उन्हें स्वयं अनुच्छेद लिखने के लिए प्रेरित करें।

- प्रत्येक सत्र में दिए गए पाठों को शिक्षकगण अपनी सुविधा के क्रम में पढ़ा सकते हैं।
- शिक्षकों से यह अनुरोध है कि वे सप्रांत परीक्षा (Term End Examinations) से पहले आवधिक परीक्षा (Periodic Tests) आयोजित करें। शिक्षकगण आवधिक परीक्षा (Periodic Tests) के लिए उन पाठों को चुन सकते हैं जो उस समय तक पढ़ाए जा चुके हैं।
- श्रवण और वाचन कौशल से संबंधित गतिविधियाँ करवाते समय शिक्षकगण उन्हें रिकार्ड कर लें ताकि वह सत्र मूल्यांकन के साक्ष्य के तौर पर रखा जा सके।
- ई-बुक्स, वीडियो व्याख्या (Video Lectures), पाठ्योजना (Lesson Plans), कार्यपत्र (Worksheets) 360° तथा अन्य पाठ्य सामग्री एप्प पर उपलब्ध हैं। शिक्षकगण इन्हें अभ्यास (Revision) के लिए कक्षा कार्य (Classwork) या गृहकार्य (Homework) आदि में उपयोग कर सकते हैं।
- छात्रों को 360° एप्प के इस्तेमाल के लिए प्रेरित करें।
- सभी पाठों के लिए ई-बुक्स/ई-कंटेंट 360° एप्प पर उपलब्ध हैं।

MATHEMATICS

Learning Objectives:

- To enable students gain clear understanding of the subject matter
- To let students arrive at conclusions and generalisation through concrete exercises and activities
- To emphasise more on the mathematical patterns, principles and relationships
- To develop logical, analytical and reasoning skill among students

Note for Teachers:

- Ample exercises have been provided in the Maths Textbook to integrate varied mental math assignments.
- Teachers are advised to conduct Periodic Tests before the Term End Exams. They can choose lessons that are already covered by them till the time of Periodic Tests.
- The following topics have been included in the new term books—
Topics— **Test of Divisibility and HCF and LCM**
Unitary Method
Perimeter & Area
Percentage
Profit & Loss

However, if the need arises, the schools can make a request to the Registered Office for the module.

- E-books, Video Lessons, Lesson Plans, Worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork /homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.
- Make students revise the **Term-Syllabus** in order to prepare them for the **Term-End Exams**.
- Conduct the **Lab Activities** accordingly.

Learning Objectives:

- To enable students and create awareness about their surroundings
- To teach social skills (good habits, soft skills, etc.)
- To encourage broad-mindedness and develop a spirit of brotherhood among students

	7	India and the United Nations
	8	The World of Growing Knowledge
September	<i>Reinforcement of the Concepts taught in Term-I</i> <i>Term End Examinations-I</i>	

Term II

Months	Lesson No.	Lesson Name
October	1	Air
	2	Water
November	3	Rocks and Minerals
	4	Good Health and Prevention of Diseases
December	5	Different Landforms in the World—Case Studies (Part-I)
	6	Different Landforms in the World—Case Studies (Part-II)
January	7	The Revolt of 1857 and the Freedom Struggle
	8	Early Civilisation
February	<i>Reinforcement of the Concepts taught in Term-I</i>	
March	<i>Term End Examinations-I</i>	

WEEKLY PLANNER

Term I				
Months	Week 1	Week 2	Week 3	Week 4
April	Reproduction in Plants Vegetative Propagation, Reproduction by Seeds, Structure of a Seed	Reproduction in Plants Seed Germination, Dispersal of Seeds, Crops, Types of Soils, Protection of Crops, Better Crop Produce	Diversity in Animal Life Habitat, Respiration in Animals, Feeding Habits	Diversity in Animal Life Locomotion, Migration
May	Skeletal and Muscular System Human Body, Skeletal System	Skeletal and Muscular System Joints	Skeletal and Muscular System Muscular System, Movement through Muscles	SUMMER VACATION
June	SUMMER VACATION			
July	Revision of the Lessons 1, 2 and 3	Nervous System and Sense Organs Nerves, Brain	Nervous System and Sense Organs Spinal Cord, Sense Organs	Globes and Maps Globe, Latitudes and Longitudes, Map, Directions
August	Climate Variations on the Earth Climate and Weather, Factors that determine the Climate of a Place	India and the United Nations United Nations Organisation, Main Objectives of the UN, Major Bodies of the United Nations	India and the United Nations Specialised Agencies of the UN, India and the UN	The World of Growing Knowledge The Story of Writing, Numbers, Papers, Printing
September	Reinforcement of the Concepts taught in Term-I		Term End Examinations-I	

Term II

Months	Week 1	Week 2	Week 3	Week 4
October	Air Different names of Air, Atmosphere, Composition of Air	Air Properties of Air, Uses of Air	DIWALI HOLIDAYS	Air Air Pollution, Weather

Months	Week 1	Week 2	Week 3	Week 4
November	Water Water as a Solvent, Removing Impurities from Water, Removing Germs from Water	Water Water Pollution, Evaporation, Condensation, Formation of Clouds and Precipitation, Water Cycle	Rocks and Minerals Igneous, Sedimentary and Metamorphic Rocks	Rocks and Minerals Minerals, Fossil Fuels
December	Good Health and Prevention of Diseases Balanced Diet, Adequate Exercise, Proper Rest	Good Health and Prevention of Diseases Deficiency Diseases, Communicable Diseases, Immunity and Vaccination	Different Landforms in the World—Case Studies (Part-I) The Democratic Republic of Congo, Saudi Arabia	Different Landforms in the World—Case Studies (Part-II) Greenland, Grasslands
January	WINTER VACATION		The Revolt of 1857 and the Freedom Struggle Revolt of 1857, Reasons for the Revolt, reasons for Failure of the Revolt, After effects of the Revolt	Early Civilisation Sources of History, Timeline, The Prehistoric Period
February	Reinforcement of the Concepts taught in Term-II			Term End Examinations-II
March	Term End Examinations-II	HOLIDAYS		

Note for Teachers:

- Make students revise the **Term-Syllabus** in order to prepare them for the **Term-End Exams**.
- EVS lab Activities are given at the end of Term books that are designed specifically for each lesson. Conduct these activities after the completion of each lesson or unit.
- Teachers are advised to conduct Periodic Tests before the Term End Exams. They can choose lessons that are already covered by them till the time of Periodic Tests.
- E-books, Video Lessons, Lesson Plans, Worksheets per lesson and other support materials are available in the 360° App. Ask students to use this app.
- Teachers can assign or use the worksheets either as classwork /homework/revision.
- E-content for all the given lessons are available in the 360° App.
- Encourage students to use 360° App. It will help them to make learning fun and engaging.

GENERAL KNOWLEDGE

Learning Objectives:

- To develop a quest for knowledge among students
- To inculcate a sense of pride in the rich cultural heritage of our country and mankind
- To develop analytical and logical reasoning skills

YEARLY PLANNER

Term	Months	No.	Lesson Name	Remarks
I	April + May + June + July + August + September	1	The Nobel Prize	Teachers are advised to arrange quiz competition in the class, so that students are able to grasp unknown facts.
		2	Some Interesting Philatelic Facts	
		3	Interesting Animal Facts	
		4	Green Living	
		5	Our Armed Forces	
		6	World Heritage Sites	
		7	Some Interesting Body Facts	
		8	Specialist Doctors	
		9	Proverbs in Our Lives	
		10	Colourful Expressions	
		11	Text Your Intelligence	
		12	Mental Maths	
II	October + November + December + January + February + March	1	Seven Wonders of The World	Teachers are advised to arrange quiz competition in the class, so that students are able to grasp unknown facts.
		2	Greetings Around the World	
		3	Sobriquets	
		4	Endangered Rivers	
		5	Railways and Trains	
		6	Computer Abbreviations	
		7	Cartoons & Animations	
		8	Commonly Used Blend Words	
		9	The Man Booker Prize	
		10	Holy Scriptures	
		11	Old One Out	

MONTHLY PLANNER

	10	Holy Scriptures
February	11	Old One Out

WEEKLY PLANNER

Term I				
Months	Week 1	Week 2	Week 3	Week 4
April	The Nobel Prize (Contd.)	The Nobel Prize	Some Interesting Philatelic Facts (Contd.)	Some Interesting Philatelic Facts
May	Interesting Animals Facts (Contd.)	Interesting Animals Facts	Green Living	SUMMER VACATION
June	SUMMER VACATION			
July	Revision of the previous lessons (1 - 4)	Our Armed Forces	World Heritage Sites	Some Interesting Body Facts
August	Specialist Doctors	Proverbs In Our Lives	Colourful Expressions	Test Your Intelligence
September	Mental Maths	Revision of the previous lessons (5 - 12)	Revision of the Concepts taught in Term-I	

Term II

Months	Week 1	Week 2	Week 3	Week 4
October	Seven Wonders of The World	Greetings Around The World	DIWALI HOLIDAYS	Revision of the previous lessons (1 & 2)

Months	Week 1	Week 2	Week 3	Week 4
November	Sobriquets	Endangered Rivers	Railways And Trains	<i>Revision of the previous lessons (3 - 5)</i>
December	Computer Abbreviations	Cartoons & Animations	Commonly Used Blend Words	<i>Revision of the previous lessons (6 - 8)</i>
January	WINTER VACATION		The Man Booker Prize	Holy Scriptures
February	Odd One Out	<i>Revision of previous lessons (7 - 9)</i>	<i>Revision of previous lessons (10 - 11)</i>	<i>Reinforcement of the Concepts taught in Term-II</i>
March	<i>Reinforcement of the Concepts taught in Term-II</i>	HOLIDAYS		

Note for Teachers:

- In the last month of every Term, revise the **Term-Syllabus** in order to prepare the students for the **Term-End Exams**.
- Follow a regimen/routine named 'Time to Know Facts' in School Assembly to discuss about the Current Affairs and General Facts.
- Encourage students to develop a regular habit of reading the Newspaper and watching News or Current Affairs on the Television.
- Discuss with students about the important National and International events and affairs.

COMPUTER

Learning Objectives:

- To make students tech-savvy
- To enable students work with MS-PowerPoint and MS-Excel
- To introduce Networking to students

YEARLY PLANNER

Term	Months	No.	Lesson Name
I	April + May + June + July + August + September	1	Generations of Computers
		2	Understanding Windows 10
		3	Advanced features of MS Word
		4	Mail Merge
		5	Communicating with E-Mail
II	October + November + December + January + February + March	1	Introduction to MS Excel 2016
		2	Enhancing the Presentation
		3	Animation with Scratch
		4	Step-Wise Thinking

April	Generations of Computers How Computer Evolved, First, Second and Third Generation	Generations of Computers Fourth and Fifth Generation, Computer Memory	Generations of Computers Primary Memory (RAM and ROM)	Generations of Computers Secondary Memory—Hard Disk, CD, DVD, Flash drive
May	Understanding Windows 10 Features of Windows 10, Components of Windows 10	Understanding Windows 10 Changing Desktop Appearances, Live Tiles	Understanding Windows 10 Displaying Windows Together, File Explorer Window, Universal Apps	SUMMER VACATION
June	SUMMER VACATION			
July	<i>Revision of the Lessons 1 and 2</i>	Advanced Features of MS Word Page Settings, Inserting WordArt, Working with Shapes	Advanced Features of MS Word Find and Replace, Spelling and Grammar Check, Thesaurus, Drop Cap Effect	Mail Merge What is Mail Merge, Creating a Main Document
August	Mail Merge Creating the Data Source	Mail Merge Merging the Mail Merge Components, Viewing the Merged data	Communicating with E-mail History of Internet, Internet Terminologies	Communicating with E-mail Accessing the Internet, E-mail
September	<i>Reinforcement of the Concepts taught in Term-I</i>		<i>Term End Examinations-I</i>	

Term II

Months	Week 1	Week 2	Week 3	Week 4
October	Introduction to MS Excel 2016 Starting MS Excel 2016, Features of MS Excel 2016, Entering data in a Worksheet	Introduction to MS Excel 2016 Components of MS Excel 2016, Entering data in a Worksheet	DIWALI HOLIDAYS	Introduction to MS Excel 2016 Calculation in a Worksheet, Saving a Workbook, Opening and Closing a Workbook

Term II				
Months	Week 1	Week 2	Week 3	Week 4
November	Enhancing the Presentation Placeholder, Inserting WordArt and Shapes	Enhancing the Presentation Inserting SmartArt, Audio and Video	Enhancing the Presentation Slide Transitions	Enhancing the Presentation Applying Animations to Text and Objects
December	Animation with Scratch Sensing Block	Animation with Scratch Operator Block	Animation with Scratch Working with Variables	Animation with Scratch Conditional Statements
January	WINTER VACATION		Step-Wise Thinking Introduction to programming, Algorithm	Step-Wise Thinking Flowchart, Types of Flowchart
February	Reinforcement of the Concepts taught in Term-II			Term End Examinations-II
March	Term End Examinations-II		HOLIDAYS	

Note for Teachers:

- In the last month of every Term, revise the **Term-Syllabus** in order to prepare the students for the **Term-End Exams**.
- After/while teaching the lessons, take students to the Computer Lab/Room and give them practical exposure about the topic.

ART & ACTIVITY

Learning Objectives:

- To develop creativity and innovative skills among students
- To develop interest in Art and Craft
- To learn to appreciate the art of others

MONTHLY PLANNER

Term	Months	No.	Theme
I	April + May + June + July + August + September	1	Flower Basket
		2	Rangoli
		3	Sunset Scene
		4	Sketch of a Peacock
		5	Fruit
		6	Colour using Threads
		7	Lovely Girl
		8	Bunch of Flowers (Water Colour)
		9	Flowers (Cellophane and Glaze Papers)
		10	Free Hand Painting
		11	Crushed Paper Flower
II	October + November + December + January + February + March	1	Deer

February	<i>Revision Time</i>	11. Lord Ganesha	<i>Practice of the topics done in Term-II</i>	
March	<i>Reinforcement of the Concepts taught in Term-II</i>			HOLIDAYS

Note for Teachers:

- Teacher can do the following activities in the classroom.

Activities

- Create cute caterpillars with coloured cotton balls, googly eyes and glue
- make a puppet of your choice with paper strips, buttons, beads, Cardboard, etc.
- Create the night sky on a black-coloured sheet by using silver paper/foil to make moon and stars.
- Make a pen stand with old Cardboard box and decorative material
- Design a book cover with Beautiful patterns
- Make a beautiful nature scenery using paper, paints and cotton swabs

ROBOTIC SCIENCE

Learning Objectives:

- To introduce basic robotic concept to the students
- To perceive and modify robotic parts based on understanding
- To provide hands on experience to working with robotic parts.

YEARLY PLANNER

Term	Months	No.	Lesson Name	Remarks
I	April + May + June + July + August + September	1	Motion	Teachers are requested to explain the concept of science and also undertake the related robotic activity. The teachers can take help of Robotime Manuals available in their schools.
		2	Simple Machines	
		3	Force	
II	October + November + December + January + February + March	4	Work And Energy	Teachers are requested to explain the concept of science and also undertake the related robotic activity. The teachers can take help of Robotime Manuals available in their schools.
		5	Light	
		6	Means Of Transport	

MONTHLY PLANNER

Term I		
Months	Lesson No.	Lesson Name
April	1	Motion
May		Simple Machines (Contd.)
	2	Simple Machines
June	SUMMER VACATION	
July	2	Simple Machines (Contd.)
August	3	Force
September	<i>Reinforcement of the concepts taught in Term-I</i>	

Term II

Months	Lesson No.	Lesson Name
October	4	Work and Energy
November		
December	5	Light
January		
February	6	Means of Transport
March	<i>Reinforcement of the concepts taught in Term-II</i>	

WEEKLY PLANNER

Term I

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
April	1. Motion 2. Simple Machines	Introduction and Learning Concept— Rest /Motion/Types of Motion— Random, Linear (Rectilinear and Curvilinear Motion/ Difference between Circular Motion Rotatory Motion	Understanding & applying the concept of Rotatory or Rotational Motion—Clean Bot/Gaining practical Knowledge about the Clean Bot using the Robotic Kit.	Concept of Circular and Oscillatory Motion	Understanding & applying the concept of Oscillatory Motion— The Swing/Gaining practical Knowledge about the Swing using the Robotic Kit.
May		Concept of Vibratory Motion/Back Exercise given at the back of the Lesson— Force	Lesson.2 Simple Machines Introduction and Learning Concept— Machines (Simple and Complex)/Types of Simple Machines— Lever (First, Second & Third Class Lever)	Understanding & applying the concept of Lever— The Balance/Gaining practical knowledge about the Balance using the Robotic Kit.	SUMMER VACATION
June	SUMMER VACATION				
July	2. Simple Machines	Types of Simple Machines— Pulley (Fixed & Movable)/ Wheel & Axle/ Understanding & applying the concept of Wheel & Axle— The ATV (All Terrain Vehicle) /Gaining practical knowledge about the ATV using the Robotic Kit.	Types of Simple Machines— Inclined Plane and Screw/ Understanding & applying the concept of Screw— Wall E /Gaining practical knowledge about the Wall E using the Robotic Kit.	Types of Simple Machines— Wedge/Back Exercise of the Lesson— Simple Machines	Revision and Assessment of the Lessons 1 & 2

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
August	3. Force	Introduction and Learning Concept— Force/Effects of Force/Kinds of Force— Muscular Force, Gravitational Force, Frictional Force, Mechanical Force	Understanding & applying the concept of Mechanical Force— Bulldozer/ Gaining practical knowledge about the Bulldozer using the Robotic Kit.	Kinds of Force— Buoyant Force, Magnetic Force, Elastic Force, Electrostatic Force, Reaction Force	Understanding & applying the concept of reaction Force— Boxing Robot /Gaining practical knowledge about the Frog Bot using the Robotic Kit.
September		Back Exercise of the Lesson	<i>Revision and Assessment of the Lessons 1-3</i>	<i>Reinforcement of the Concepts taught in Term-I</i>	

Term II

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
October	4. Work and Energy	Introduction and Learning Concept— Work and Energy (Exhaustible and Inexhaustible source of energy)	Forms of Energy— Mechanical Energy (Potential Energy, Kinetic Energy)	DIWALI HOLIDAY	Forms of Energy— Solar, Heat, Light, Wind, Water Electrical and Sound Energy
November		Understanding & applying the concept of Sound Energy— Tyrannosaurus /Gaining practical knowledge about the Tyrannosaurus using the Robotic Kit.	Forms of Energy— Atomic and Geothermal Energy/ Understanding & applying the concept of Atomic Energy— Tank/Gaining practical knowledge about the Atomic Energy using the Robotic Kit.	Understanding & applying the concept of Wedge and the back Exercise of the lesson	<i>Revision and Assessment of the Lesson</i>

Months	Lesson No.	Week 1	Week 2	Week 3	Week 4
December	5. Light	Introduction and Learning Concept— Light, Importance of Sunlight	Sources of Light— Luminous and Non Luminous Bodies/ Properties of Light	Shadow/ Understanding & applying the concept of Light— Hardley Davidson/ Gaining practical knowledge about the Hardley Davidson using the Robotic Kit.	Forms of Energy— Solar, Heat, Light, Wind, Water Electrical and Sound Energy
January		WINTER HOLIDAYS		<i>Revision of the Lesson</i>	<i>Revision and Assessment of the Lessons 4 and 5</i>
February	6. Means of Transport	Introduction and Learning Concept— Modes of Transport— Land Transport (Road Transport— Non-motorused vehicles, Motorised vehicles)/ Understanding & applying the concept of Road Transport—Bus /Gaining practical knowledge about the Bus using the Robotic Kit.	Modes of Transport— Water Transport /Understanding & applying the concept of Water Transport— Aircraft Carrier/ Gaining practical knowledge about the Aircraft Carrier using the Robotic Kit.	Modes of Transport— Air Transport/ Understanding & applying the concept of Air Transport— Apache Helicopter/ Gaining practical knowledge about the Apache Helicopter using the Robotic Kit.	Back Exercise of the lesson
March		<i>Reinforcement of the Concepts taught in Term-II</i>	HOLIDAYS		

Note for Teachers:

Ample exercises have been provided after each lesson for the practice of your students.
